**DIRECTIONS FOR USE**

**Important:** Prior to use read all directions on this label and on the label of the product(s) being used. The product(s) label for the specific usage and restrictions have precedence over Directions for Use referred to on this label.

**CropSure Takedown Spray Oil is compatible with a wide range of herbicides including:**

Atrazine #

Topik 240C Selective Herbicide

CropSure Hallotop 520EC Herbicide

# when mixing with atrazine water dispersible granule formulations, agitation is required.

Situations	Application Rate /100L
<b>Broadacre cropping including fallow (except sugarcane)</b>	Where specified use 500mL CropSure Takedown Spray Oil /100L water, applying a minimum of 250 mL of CropSure Takedown Spray Oil per hectare.
<b>Sugarcane and Cotton Defoliation</b>	Where specified use 1L CropSure Takedown Spray Oil /100L water, applying a minimum of 500 mL of CropSure Takedown Spray Oil per hectare.
<b>Spot and High-Volume Spraying</b>	Where specified use 500mL CropSure Takedown Spray Oil /100L water, applying to the point of run-off.
<b>Horticulture</b>	CropSure Takedown Spray Oil is compatible with CropSure Hallotop 520EC Herbicide for horticultural uses. Where specified use 500mL CropSure Takedown Spray Oil /100L water, applying a minimum of 250 mL of CropSure Takedown Spray Oil per hectare

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL  
UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

**WITHHOLDING PERIOD**

Adhere to the withholding period(s) specified on the label of the companion product(s) used.

**MIXING**

- These are general mixing instructions. Always follow mixing instructions of each ingredient in tank-mix. Ensure product compatibility. Recommendations on other product labels take precedence over mixing instructions on this label.
- Add water to the spray tank to 10cm above the level of agitation and ensure the agitation device is working vigorously (there must be a minimum of 100L of water in the tank before any pesticide is added).
- If tank mixing, use the following general order for mix partners. First add water dispersible granules, second add flowable formulations (e.g., Atrazine), third add emulsifiable concentrates, fourth add water soluble liquids and last add CropSure Takedown Spray Oil and other adjuvants.
- Between the addition of each ingredient allow at least one minute to ensure thorough mixing before the next tank-mix partner is added.
- Finally add CropSure Takedown Spray Oil. Continue filling the tank to the required volume agitating at all times.
- Only mix sufficient solution for immediate use. CropSure Hallotop 520EC Herbicide and any other tank-mixes should be applied immediately for best results.

**STORAGE OF SPRAY SOLUTION**

- Agitate for 1 hour every 8 hours, and agitate for 1 hour before spraying out where spray solution is not applied within 8 hours of mixing.

**CLEANING SPRAY EQUIPMENT**

- The presence of product(s) makes it essential for the spray equipment to be cleaned between different applications
- To rinse and decontaminate spray equipment refer to relevant product labels for instructions.

**PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT**

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

**STORAGE AND DISPOSAL**

EXPLOSION WARNING: Apparently "Empty" containers may contain liquid and/or vapour residue which can be explosive if exposed to an ignition source at temperatures above 90°C. Such conditions may occur during cutting or welding. DO NOT cut or weld these containers. Explosion may cause injury or death.

Store in the tightly closed original container in a securely locked, well-ventilated place out of direct sunlight. DO NOT store near food, feedstuffs, fertiliser or seed. DO NOT re-use 5L and 20L containers.

Triple-rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

**For refillable containers**

Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

**SMALL SPILL MANAGEMENT**

Wear appropriate clothing whilst cleaning up small spills. Apply absorbent material such as earth, cat litter, sand or clay granules to the spill. Sweep up material for disposal when absorption is complete. Dispose of the contaminated material in accordance with state and/or local regulations.

**SAFETY DIRECTIONS**

Will irritate the eyes and may irritate the skin. Avoid contact with eyes and skin. When opening the container and preparing spray wear elbow-length PVC gloves and face shield or goggles. If product in eyes, wash it out immediately with water. Wash hands after use. After each day's use wash gloves, face shield or goggles.

**FIRST AID**

If poisoning occurs, contact a doctor or Poisons Information Centre. (Phone Australia 13 11 26, New Zealand 0800 764 766). If swallowed, do NOT induce vomiting.

**SAFETY DATA SHEET (SDS)**

Additional information is listed in the Safety Data Sheet (SDS), which is available from the supplier.

**CONDITIONS OF SALE**

CropSure Pty Ltd shall not be liable for any loss, injury, damage or death whether consequential or otherwise, whatsoever or whosoever arising whether through negligence or otherwise, in connection with the sale, supply, use or application of this product, except for any provisions or rights under the Australian Consumer Law which cannot be excluded. The supply of this product is on the express condition that the purchaser does not rely on CropSure Pty Ltd skill of judgement in the purchasing or using the same and every person using this product does so at their own risk absolutely. The Buyer and user assume all risk of use and/or handling and/or storage of this material when such use and/or handling and/or storage is contrary to label instructions. This product is designed to be only used according with the label directions.
